### Short intro
For more than 180 years, VUB has helped build a better society as an innovative, free-inquiring and critical-thinking university. We are linked to the world from our international capital city, Brussels. A never-ending quest for knowledge, insight and enlightenment form the red thread in all we do in education, research and social commitment. With 4 campuses, 16,000 students and 8 faculties, we continue to advance our very personal and democratic approach which enables all members of the VUB community to grow, so they can successfully take up their roles in the world of today and tomorrow.
