CALENDAR

Autumn Semester

Nomination deadline	15 April
Application deadline, incl. housing	1 May
Introduction Day	August 22 or 23
Semester Start	August 26
Semester End	Mid-December
Exam Period	December/January

Spring Semester

Nomination deadline	15 October
Application deadline, incl. housing	1 November
Introduction Day	January 23 or 24
Semester Start	January 27
Semester End	Mid-May
Exam Period	May/June

APPLICATION DOCUMENTS:

- [Exchange application form](#)
- A personal letter of motivation (max 1 page describing personal and academic reasons for applying to ITU)
- Transcript of records (including bachelor diploma if you apply for MSc courses)
- Documentation for English language proficiency
- Pre-approval of credit transfer from your home university (Learning Agreement for Erasmus+ students, for other students a signed [pre-approval of credit transfer](#) from your home university)
- Copy of passport (photo page)
- [Housing application form](#) (if you want to stay in an ITU dorm)

ENGLISH LANGUAGE PROFICIENCY REQUIREMENT

There are 5 ways to meet the English language proficiency requirement:

- You hold an upper secondary school certificate or a BSc degree that has been fully taught in English from USA, Canada, Australia, New Zealand, South Africa, Singapore, Great Britain or Ireland
- You are enrolled in a BSc or MSc degree taught entirely or primarily in English
- You are a native speaker of English
- For ERASMUS students only: You have achieved the minimum result of B2 in the CEFR English language proficiency test
- You have achieved the minimum result in one of the following English language proficiency tests:
 - IELTS Academic Test: minimum result of 6.5
 - TOEFL iBT: minimum result of 88
 - Cambridge Certificate of Advanced English (CAE): passed
 - Cambridge Certificate of Proficiency in English (CPE): passed

COURSES

BSc students

You can choose courses offered to our BSc students. Furthermore, you have the possibility to do a research project.

MSc students

You can choose courses offered to our MSc students. Furthermore, you have the possibility to do a research project.

Please note that few courses might be completely booked. Moreover, you have to be aware that you might need to fulfil formal prerequisites. You will find the formal prerequisites listed in the course description for each course. We link to the course descriptions from our [web page](#). In general the course catalogue is available from around Mid-October for the spring semester and from around Mid-April for the autumn semester. The courses listed below is for the academic year 2018/2019. Registration will take place early December for spring semester and early June for fall semester.

LIST OF COURSES OPEN FOR EXCHANGE STUDENTS IN ENGLISH AUTUMN 2018

Programme	Course	ECTS
BSc Digital Media and Design	Digital Experience and Aesthetics	7.5
BSc Digital Media and Design	Co-design and Qualitative Methods	15
BSc Digital Media and Design	Designing Digital Play	7.5
BSc Digital Media and Design	Network Society	7.5
BSc Global Business Informatics	Introduction to Programming	7.5
BSc Global Business Informatics	Enterprise Systems and Information Management	15
BSc Global Business Informatics	IT-Enabled Supply Chain Management	7.5
BSc Global Business Informatics	Organisation and Process Theory	7.5
BSc Global Business Informatics	Business Foundations	7.5
BSc Global Business Informatics	Entrepreneurship and Business Decisions	7.5
BSc Software Development	Foundations of Computing - Discrete Mathematics BSc	7.5
BSc Software Development	Mobile and Distributed Systems BSc	7.5
BSc Software Development	Analysis, Design and Software Architecture	15
BSc Software Development	Introduction to Database Design, BSc	7.5
BSc Data Science	Linear Algebra and Optimisation	7.5
MSc Digital Design and Interactive Technologies	Transmedial Storytelling	7.5
MSc Digital Design and Interactive Technologies	User Experience	7.5
MSc Digital Design and Interactive Technologies	User-centered Communication Design	12.5
MSc Digital Design and Interactive Technologies	Project: Service Design	12.5
MSc Digital Design and Interactive Technologies	Research Topics in Interaction Design	12.5
MSc Digital Innovation and Management	Digital Change Management	7.5

IT UNIVERSITY OF COPENHAGEN

MSc Digital Innovation and Management	Innovation & entrepreneurship – local basis, global business	7.5
MSc Games	Games & Culture	7.5
MSc Games	Game Programming	7.5
MSc Games	Advanced Topics in Game Studies	7.5
MSc Games	Making Games	15
MSc Games	Programming for Designers	7.5
MSc Games	Play Lab	15
MSc Games	Modern Artificial Intelligence	15
MSc Computer Science	Advanced Programming	7.5
MSc Computer Science	Algorithm Design	7.5
MSc Computer Science	Security 1	7.5
MSc Computer Science	Practical Concurrent and Parallel Programming	7.5
MSc Software Development (Design)	Discrete Mathematics	7.5
MSc Software Development (Design)	Software Engineering and Software Qualities	7.5
MSc Software Development Technology	Software Architecture, MSc	7.5
MSc Software Development Technology	Introduction to Database Design MSc	7.5
MSc Software Development Technology	Mobile and Distributed Systems MSc	7.5
MSc Software Development Technology	Big Data Management (Technical)	7.5
MSc Software Development Technology	Scalability of Web Systems	7.5
MSc Software Development Technology	Automated Software Analysis	7.5
MSc Software Development Technology	Security 2	7.5
MSc Software Development Technology	How to make (almost) anything	7.5
MSc Software Development Technology	Natural Language Processing and Deep Learning	7.5
MSc Software Development Technology	Applied Algorithms	7.5

LIST OF COURSES OPEN FOR EXCHANGE STUDENTS IN ENGLISH SPRING 2019

BSc Digital Media and Design	Locative Media	7.5
BSc Digital Media and Design	Philosophy of Science and Technology, DMD	7.5
BSc Digital Media and Design	Concept Development with Industry	15
BSc Global Business Informatics	Philosophy of Science and Technology, GBI	7.5
BSc Global Business Informatics	IT Governance & Quality Management	7.5
BSc Global Business Informatics	Global Project Management	7.5
BSc Global Business Informatics	IT & Work Design	15
BSc Global Business Informatics	Database Use and Design	7.5
BSc Global Business Informatics	Data: Law and Ethics	7.5
BSc Software Development	Mobile App Development, BSc	7.5
BSc Software Development	Introduction to Database Design, BSc	7.5
BSc Software Development	Second Year Project: Software Development in Large Teams	15
BSc Software Development	Functional Programming	7.5

BSc Software Development	Introduction to Image Analysis and Machine Learning, BSc	7.5
BSc Software Development	Algorithms and Data Structures	7.5
BSc Software Development	Reflections on IT	7.5
BSc Software Development	Security	7.5
MSc Digital Design and Interactive Technologies	Introduction to Service Design	7.5
MSc Digital Design and Interactive Technologies	UX Design I	7.5
MSc Digital Innovation and Management	Writing Innovation Studio	7.5
MSc Digital Innovation and Management	Big Data Processes	7.5
MSc Digital Innovation and Management	Service Economics	7.5
MSc Digital Innovation and Management	Innovation & entrepreneurship - local basis, global business	7.5
MSc Digital Innovation and Management	Enterprise Architecture	7.5
MSc Digital Innovation and Management	The Digital State	7.5
MSc Games	Data Science in Games	7.5
MSc Games	Data-Driven Design & Development	7.5
MSc Games	Game World Design	7.5
MSc Games	Play Design	7.5
MSc Games	Playable Media	7.5
MSc Games	Artificial Life & Evolutionary Robotics: Theory, Methods and Art	7.5
MSc Computer Science	Security 2	7.5
MSc Computer Science	Computer Systems Performance	7.5
MSc Computer Science	Modelling Systems and Languages	7.5
MSc Computer Science	How to make (almost) anything	7.5
MSc Computer Science	Linear Algebra and Probability	7.5
MSc Computer Science	Software Architecture	7.5
MSc Computer Science	Industrial Scrum Master Training	7.5
MSc Software Development (Design)	Mobile App Development, MSc	7.5
MSc Software Development (Design)	Introduction to Database Design MSc	7.5
MSc Software Development (Design)	Algorithms and Data Structures	7.5
MSc Software Development (Design)	Intelligent Systems Programming	7.5
MSc Software Development (Design)	Functional Programming	7.5
MSc Software Development Technology	Introduction to Image Analysis and Machine Learning, MSc	7.5
MSc Software Development Technology	Frameworks and Architectures for the Web, MSc	7.5
MSc Software Development Technology	Advanced Software Engineering, MSc	7.5

LIVING EXPENSES

Exchange students must have sufficient funds to cover their living expenses. Living expenses in Copenhagen are on average **6.500 DKK per month / app. 870€ / app. 770£ / app. 990 US \$** (current exchange rate November 2018)

HOUSING

ITU dorm rooms are managed by The University of Copenhagen Housing Foundation. ITU have limited access to fully furnished dorm rooms close to the ITU. The semester accommodation period are **fixed** and are as follows:

The spring semester: 1st January/1st February to 14th of July

The fall semester: 15th July to 31st January

1) **Signalhuset Kollegiet** (28 rooms)

Signalhuset is located in the area in Amager called Ørestad and is within walking distance to the metro from where you can easily get to central Copenhagen. It is a modern hall of residence built in 2006. Signalhuset is divided into sections which resembles individual apartments. Each section consists of 4 single rooms which each share 2 bathrooms and 1 kitchen/small common area. The apartments are mixed gender. The hall of residence has elevators and a laundry mat. There is also a room which can be rented for social events.

2) **Øresundskollegiet** (9 rooms – 5 single rooms and 4 rooms for couples)

Øresundskollegiet is one of the largest student residences in Copenhagen with approximately 1025 rooms. The single rooms have private kitchen and bathroom. The rooms for couples also have a living room. The residence has several facilities such as a pool table, table tennis, study rooms, exercise equipment and sauna as well as terraces and a bar. There is also a common kitchen on each floor.

3) **Tietgenkollegiet** (4 rooms)

Tietgenkollegiet was ready for the first students to move in at the end of August 2006. Tietgenkollegiet is located in Amager, in an upcoming area with several new student halls and the Amager Campus of University of Copenhagen. You are close to both the inner city and to Amager beach with a view to Sweden. The building consists of 6 floors and contains 360 rooms and the residence is fitted with elevators. The rooms are single rooms with private bathroom and shared kitchens. There is one kitchen per 12 rooms. Please note, at Tietgenkollegiet you are expected to become a part of the community and to participate in the social life of the residence hall.

All rooms are fully furnished and come with bedding, linen and towels.

At the web page of [UCP Housing Foundation](#) you will find further information about the residence halls.

INSURANCE

You will automatically receive Danish Health Insurance when you are staying in Denmark for a period longer than three months, via the National Danish Security Number (CPR). This gives you the right to free medical treatment by doctors and in hospitals. Dental treatment and home transportation is **not** included. You **must** have a third party **liability insurance and a home insurance** to cover your personal belongings.

Non-EU students: Please be aware that the Danish health insurance does not cover you during your first six weeks.

RESIDENCE PERMIT

All exchange students need to get an EU residence permit. EU/EEA students can get this after arrival. Non-EU students must apply for a residence permit to stay in Denmark for more than three months. Please note, if your home country has a visa requirement you must obtain the residence permit to enter Denmark. If you are a citizen of a visa-free country, you can enter Denmark without the residence permit, if you have not received your residence permit prior to your arrival to Denmark. You will find the list of countries with visa requirement and visa-free countries on [the web page of New to Denmark](#).

The IT University will assist you with information about the application process for the residence permit. Normally, the processing time is up to 2 months. You can have an overview of the process on [the web page of New to Denmark](#). Before you start up the process, please make sure that your passport is valid during your stay in Denmark.
