**Why Taiwan Tech**

**Location**
Located in the most well-known university area in Taipei; easily accessed by Metro Rapid Transit and buses.

**Government Funding**
The only university in Taiwan sponsored by the Ministry of Education under both its "Aim for the Top University Plan" and "Paradigm Technological University Plan".

---

**Research**
Taiwan Tech has derived considerable income from its university-industry cooperation intellectual property rights, technology transfers and licensing fees, placing Taiwan Tech in the first rank of Taiwan's universities for its research capabilities.

**Courses**
Taiwan Tech offers more than 250 courses taught in English in a wide range of areas; a free Mandarin Chinese Language Program is also provided.

---

**Who Can Apply**
Full time students from Taiwan Tech's partner universities are encouraged to apply for the program. The applications will be nominated by their home universities.

---

**How to Apply**
- Applicants contact home university for nomination.
- Fill out the application form and prepare all the required documents.
- Send the completed application form with required documents to the Office of International Affairs before the deadline.
- Application will be assessed by Taiwan Tech.
- Nominated students will be notified via e-mail. The Letter of Acceptance will be sent to the home university by mail.

---

</table>

---

**Campus Life**

**The Association for International Affairs (AIA)**
AIA enthusiastically helps newly arrived international students settle into their new life at Taiwan Tech and deal with all the procedures involved in establishing their student status. Another important part of AIA's mission is to organize its own large and small activities that provide opportunities for international students to learn about Taiwan's diverse culture as well as to share their home cultural backgrounds and form friendships with local students.

**Accommodation**
Taiwan Tech provides limited amount of off-campus housing; spaces will be available on a first come, first served basis.

**Sports Facilities**
Sports facilities include tennis courts, table tennis, billiards, fitness equipment, a gym and an indoor swimming pool.

---

**Student Exchange Program**

---

**National Taiwan University**

---

**Science and Technology**

---

**Taiwan Tech**

---

**CLP**
CLP focuses on daily conversation on various topics and is offered by the Continuing Education Center; detailed information on courses and application can be found at www.ntu.edu.tw/centre/clp.
Message from Exchange Students
Gustav Sourek – Czech Technical University in Prague
"...Taiwan Tech environment has been a nice surprise. Most of the lecturers are well prepared to handle all the exchange students and the study system and materials are also convenient. I'm still getting used to accustom some professors, but with their friendly attitude I feel we can easily overcome every issue. It's a very nice place full of student clubs and activities centers, which I always find full of smiling faces and people who like to talk and share experience. The atmosphere of campus always cheers up my days, so I keep on coming even when there are no classes for me. It's simply a great place, nice and clean school buildings amongst various sport fields and other facilities make it the best choice to spend my time at."

Lee Yong Tian Anastasia – National University of Singapore
"...I'm happy to say that it has been a very enriching and fulfilling experience, and I'm not disappointed in the least. Making new friends (be it local Taiwan students or other exchange students) again in a new environment, trying new and different things, has made me challenge myself in many ways and made me stronger as a person. I am happy to have had the chance to travel around Taiwan, see the sights and taste the very unique food that can only be found in certain places. This is definitely an experience that I will never forget, and will look back upon even many years down the road."

Exchange Partner Universities (as of June, 2014)

Canada
• Universite du Quebec a Montreal

Czech Republic
• Brno University of Technology
• Czech Technical University
• Technical University of Ostrava
• University of Hradec Kralove
• University of Pardubice

Hungary
• Obuda University

Italy
• Politecnico di Milano
• University of Bologna

Japan
• Kansai University
• Kyushu Institute of Technology
• Nagoya University
• The University of Tokyo
• University of the Ryukyus

Malaysia
• Universiti Teknologi Malaysia

Republic of Austria
• Graz University of Technology
• Johannes Kepler University Linz
• University of Applied Science Upper Austria

Republic of Estonia
• Tallinn University of Technology

Republic of Finland
• Aalto University
• Tampere University of Technology
