Profile

As one of the largest universities in Sweden, with over 64,000 undergraduate and master's students, Stockholm University offers unprecedented access to teaching and research facilities. Stockholm University, located in Sweden's capital city, is the region's center for higher education and research in humanities, law, the natural and social sciences, and a focus for the work of leading international researchers. In the heart of Sweden's only national urban park, the University is surrounded by natural beauty, whilst being only a few minutes journey from the city center.

Coordinators	Ann-Sofie Lundin and Andrea Andrenucci
Director	Dr Harko Verhagen, e-mail: verhagen@dsv.su.se
E-mail for incoming students	exchange-in@dsv.su.se

Profile

DSV is one of the oldest University Departments of Computer Science in Sweden and part of one of the largest universities in Sweden. We are home to a world-leading research and innovation environment. DSV belongs to the Faculty of Social Sciences at Stockholm University. Our courses are developed by the latest professional knowledge and many of our courses involve work-based learning, through projects and workshops.

DSV is located in Kista, the heart of the Silicon Valley of Sweden, where you find the world's largest ICT companies. Kista is a suburb of Stockholm and is a 20 min metro ride from Stockholm Central Station.

Eva Dahlin

General information

Academic calendar	Autumn semester 2019: September 2, 2019 – January 19, 2020 Spring semester 2020: January 20, 2020 – June 7, 2020 Examinations are arranged in the end of each course. DSV is closed from Friday before Christmas and opens the second week of January.
Courses	Courses within Computer and Systems Sciences.
Language of instruction	Courses at Bachelor level are taught in Swedish. Courses at Master level are taught in English.
Full time study load credits	30 credits per semester. Each semester at DSV is divided into two periods: A-B and C-D, each period is 10 weeks. Students are recommended to take two 7.5 credits courses parallel in both periods (four courses per semester). One week of full-time studies equals 1.5 credits. The workload is 40 hours per week, including lectures, readings, assignments, seminars and independent studies.
