

Letter Template:

- Name: (name surname)
- Declaration of interest: (a short paragraph stating your interest in the experience)
- Motivation: (reasons that support your interest)
- Strengths: (objective criteria that would help to rank your proposal in front of others: additional skills, languages, courses taken, participation in associations, singular experiences... We already have your marks record)
- Availability: The real dedication of a day per week is needed (on Thursdays). Also the ability to devote the specified full-time periods at Barcelona Intensive Week and CERN (please see FAQ or Slides for the specific dates). Please tell if there is any special circumstance during these days. Possible lectures or exams on Thursday or on the CERN periods can be negotiated.
- Dependence on economic support: (We are looking for sponsorship, but in the case it was weak, please state your ability to bear the costs of the stay in Geneva for 20 days, taking into account that FIB will have been able to pay the residence up to now (approximately 700 € out of approximately 1.200€ of total cost). We will only use this criterion if strictly needed.
